ABOUT THE UNIVERSITY

The Karnataka State Open University is recognized by the University Grants Commission under (Open and Distance Learning & Online Learning) Regulation 2020.

Karnataka State Open University was established in June 1996 with a vision '**Higher Education to Everyone, Everywhere**'. The Karnataka State Open University, in order to cope with the present global environment, is attempting to integrate interdisciplinary approaches in the dissemination of knowledge with the aim of achieving overall human personality development.

Mysuru is a historical centre possessing a rich cultural heritage which had valiant historical events of different kingdoms and humane social setup of incomparable stature. University has paved the way for realizing the vision at the international arena leading to human welfare. The KSOU is situated at heart of Mysuru city, The University operates in 50 Acre of land in a fully green ambience. The University is offering UG, PG and Ph.D. programs besides diploma and PG Diploma programs in various disciplines. The University is fully equipped with 28 academic departments controlled by the chairpersons and supported by other faculty and non-teaching staff. In order to give them an opportunity to pursue their studies in Open Distance Learning, this University has been established. The major objective of the University is to generate human resources of top quality with more emphasis laid on the following issues:

- (1) To transform guiding vision into action plan through various measures.
- (2) To generate high quality human resources through skill training.
- (3) To provide opportunity to those who discontinued their studies.

- (5) To provide opportunity to pursue higher education at their own places.
- (6) To provide transparent manner of admission.
- (7) To transfer restricted learning to a global-based learning.
- (8) To promote new concept and new direction to higher education.
- (9) To promote multiple imperatives to achieve national development.

Credit System for the Programmes

The University follows the '**Credit System**' for all its Programmes. Each credit is of 30 hours of study comprising of all learning activities such as studying the Self-Learning Material, participating in the counseling/personal contact program, preparing assignment, field visits, visiting library/ industry/ institution, interacting through audio-visual related mode and preparing for exams. Thus, a four-credit course involves 120 study hours, a six-credit course involves 180 study hours and so on. This helps the students to understand the academic efforts she/ he will have to put in order to successfully complete the programme.

Maximum Period for Completion of Programme

Normally, the Candidate is expected to complete the programme within the minimum period as laid down by the University for a Specific Program. However, a student who, for whatever reasons is not able to complete the program within the normal or minimum duration prescribed for the program may be allowed a period of two years beyond the normal period to clear the backlog to be qualified for the degree. The general formula therefore is N+N years (N= Normal / minimum duration prescribed for completion of the program) and will be revised from time to time as per the UGC norms.

8. CHOICE BASED CREDIT SYSTEM (CBCS)

Choice based credit system (CBCS) is an internationally acknowledged system. Therefore, the entire higher education in India is transforming itself to this uniform grading system. The CBCS provides an opportunity for the students to choose courses from the prescribed courses

comprising core, elective/minor or skill-based courses. The courses can be evaluated following the grading system, which is considered to be better than the conventional marks system. This will benefit the students to move across institutions within India to begin with and across countries.

The uniform grading system will also enable potential employers in assessing the performance of the candidates. In order to bring uniformity in evaluation system and computation of the Cumulative Grade Point Average (CGPA) based on student's performance in examinations, the University Grants Commission has formulated the guidelines to be followed.

The Choice Based Credit System not only offers opportunities and avenues to learn core subjects but also exploring additional avenues of learning beyond the core subjects for holistic development of an individual. The CBCS will undoubtedly facilitate us bench mark our courses with best international academic practices.

Advantages of the Choice Based Credit System:

- Shift in focus from the teacher-centric to student-centric education.
- Student may undertake as many credits as they can cope with (without repeating all courses in a given semester if they fail in one/more courses).
- CBCS allows students to choose inter-disciplinary, intra-disciplinary courses, skill oriented papers (even from other disciplines according to their learning needs, interests and aptitude) and more flexibility for students).
- CBCS makes education broad-based and at par with global standards. One can take credits by combining unique combinations. For example, Physics with Economics, Microbiology with Chemistry or Environment Science etc.
- CBCS offers flexibility for students to study at different times and at different institutions to complete one course (ease mobility of students). Credits earned at one institution can be transferred.

Outline of Choice Based Credit System:

1. Core Course: A course, which should compulsorily be studied by a candidate as a core requirement is termed as a Core course.
2. Elective Course: Generally, a course which can be chosen from a pool of courses and which may be very specific or specialized or advanced or supportive to the discipline/ subject of study or which provides an extended scope or which enables an exposure to some other discipline/subject/domain or nurtures the candidate's proficiency/skill is called an Elective Course.
 - 2.1 Discipline Specific Elective (DSE) Course: Elective courses may be offered by the main discipline/subject of study is referred to as Discipline Specific Elective.
 - 2.2 Dissertation/Project: An elective course designed to acquire special/advanced knowledge, such as supplement study/support study to a project work, and a candidate studies such a course on his own with an advisory support by a teacher/faculty member is called dissertation/project.
 - 2.3 Generic Elective (GE) Course: An elective course chosen generally from an unrelated discipline/subject, with an intention to seek exposure is called a Generic Elective.

P.S.: A core course offered in a discipline/subject may be treated as an elective by other discipline/subject and vice versa and such electives may also be referred to as Generic Elective. 3. Ability Enhancement Courses (AEC): The Ability Enhancement (AE) Courses may be of two kinds: Ability Enhancement Compulsory Courses (AECC) and Skill Enhancement Courses (SEC).

“AECC” courses are the courses based upon the content that leads to Knowledge enhancement; i. Environmental Science and ii. English/MIL Communication. These are mandatory for all disciplines. SEC courses are value-based and/or skill-based and are aimed at providing hands-on-training, competencies, skills, etc. 3.1 Ability Enhancement Compulsory Courses (AECC): Environmental Science, English Communication/MIL Communication. 3.2 Skill Enhancement Courses (SEC): These courses may be chosen from a pool of courses designed to provide value-based and/or skill-based knowledge. □ Introducing Research Component in Under-Graduate Courses Project work/Dissertation is considered as a special course involving application of knowledge in solving / analyzing /exploring a real life situation / difficult problem. A Project/Dissertation work would be of 6 credits. A Project/Dissertation work may be given in lieu of a discipline specific elective paper.

9. M.Sc. Programmes

A. Duration: 2 Years (4 semesters)

1. The duration of this curricular program is of **“TWO years”** and the maximum duration is of **“FOUR Years”** (2+2 years) from the year of admission. The student who fails to complete the program within **“FOUR Years”** shall seek admission afresh.
2. A student who wishes to take up examination after the expiry of the afore mentioned time limit shall write application to The Registrar (Evaluation), Karnataka State Open University, Mukthagangothri, Mysuru-570006, Karnataka, India. The University may accord permission to conduct examination for the prevailing syllabus of the relevant year.

The aim is to transform all courses into an attractive visual medium, making learning both easy and appealing. Simultaneously, it turns studying into an entertaining task rather than a boring one, achieved through eye-catching visuals, soothing background music, enticing text styles, and a mind-inducing format.

For this purpose, the studio is equipped with advanced technology, including a large spacious Green matte floor, high-quality cameras, editing suites with top-of-the-line Apple systems, and all the necessary CG and Photoshop software. The studio is staffed by talented and creative individuals who operate and handle the cameras and software efficiently.

The KSOU Studio strives to produce excellent digital content daily, covering various subjects such as science, technology, management, arts, history, etc. All this content is available on our "KSOU DHRUSHYAVAHINI" YouTube channel. To date, the studio has produced around 500 pieces of content, all of which have been watched and appreciated by university students for their appealing quality.

In addition to course content, the studio makes an effort to communicate university seminars, programs, and events by capturing and uploading them to various digital platforms. Short videos of these programs are displayed on the university's signboards and other platforms to disseminate information rapidly.

As times change and trends evolve, education must also adapt its teaching methods and techniques. In this regard, our Karnataka State Open University's Visual Studio is a step ahead, consistently adopting new technologies effectively. This positions the university as strong and innovative in the field of education. The studio operates with its own vision, mission, ethics, and a strong work culture to reach its desired goals."

ii. Grade and Credit Points are computed for each course considering the marks secured and the credits earned in each course. **Grade Points** shall be computed as per table shown below. **Credit Points** are determined by multiplying the Grade Points in each course by the credits of that course. Both the Grade Points and Credit Points shall be computed for each course in each semester.

Grade Point Average (GPA) shall be computed and given to each candidate based on his/her semester performance. This shall be determined by dividing the sum of credit points earned by the student in all the courses of a semester by the total number of credits for which the candidate has taken examination in that semester,

Cumulative Grade Point Average (CGPA) is computed for the whole academic programme considering the aggregate of Credit Points of all the semesters earned by the student and dividing this sum by the total credits of all the semesters,

Classification of Successful Candidates:

The results of successful candidates at the end of each semester shall be declared on the basis of Percentage of Aggregate Marks and in terms of Semester Grade Point Average (SGPA) and Eight Point Alpha – Sign Grading Scale. The results at the end of the fourth semester shall also be classified on the basis of Percentage of Aggregate Marks and on the basis of the Cumulative Grade Point Average (CGPA) obtained in all the four semesters and the corresponding overall alpha – sign grade. An eight point grading system, alpha – sign grade as described in Tables below shall be adopted. The Semester Grade Point Average (GPA) in a Semester and the Cumulative Grade Point Average (CGPA) at the end of the fourth semester shall be computed as follows:

Computation of Semester Grade Point Average (SGPA):

The grade points (GP) in a course shall be assigned based on the basis of actual marks scored in that course as per the Table below. The Credit Points (CP) shall then be calculated as the product of the grade points earned in the course and the credits assigned for the course. The total CP for a semester is obtained by adding the CP of all the courses of the semester. The SGPA for a semester is computed by dividing the total CP of all the courses of study by the total credits for the semester.

Calculation of Cumulative Grade Point Average (CGPA):

The Cumulative Grade Point Average (CGPA) at the end of the fourth semester shall be calculated as the weighted average of the semester grade point averages (SGPA). The CGPA is obtained by dividing the total of semester credit weightages by the maximum credits for the programme.

23. Quality Initiatives

In an endeavor to step up the quality of services rendered by the university, Centre for Internal Quality Assurance has been constituted as per the UGC order.

National Mission on Education through Information and Communication Technology (NMEICT).

The National Mission on Education through Information and Communication Technology (NMEICT) has been envisaged as a Centrally Sponsored Scheme to leverage the potential of ICT, in teaching and learning process for the benefit of all the learners in Higher Education Institutions in any time anywhere mode. This was expected to be a major intervention in enhancing the Gross Enrolment Ratio (GER) in Higher Education by 5 percentage points during the XI Five Year Plan period.

The three cardinal principles of Education Policy viz., access, equity and quality could be served well by providing connectivity to all colleges and universities, providing low cost and affordable access-cum-computing devices to students and teachers and providing high quality e-content free of cost to all learners in the country. NMEICT encompasses all the three elements. The Mission has two major components:

1. Providing connectivity, along with provision for access devices, to institutions and learners;
2. Content generation.

It seeks to bridge the digital divide, i.e. the gap in the skills to use computing devices for the purpose of teaching and learning among urban and rural teachers/learners in Higher Education domain and empower those, who have hitherto remained untouched by the digital revolution and have not been able to join the mainstream of the knowledge economy. It plans to focus on appropriate pedagogy for e-learning, providing facility of performing experiments

through virtual laboratories, on-line testing and certification, on-line availability of teachers to guide and mentor learners, utilization of available Education Satellite (EduSAT) and Direct to Home platforms, training and empowerment of teachers to effectively use the new method of teaching learning etc.

Karnataka State Open University (KSOU) has adopted National Mission on Education through Information and Communication Technology (NMEICT) a flagship initiative of Ministry of Human Resource Development aims to leverage the potential of Information and Communication Technology (ICT) in teaching and learning process by high quality, personalized and interactive knowledge modules over the internet for all the learners (EIs) in anytime, anywhere mode. The Karnataka State Open University has created separate cell for the NMEICT and Virtual Labs. Adopted ICT initiatives of are as follows:

1. SWAYAM: Massive Open Online Courses
2. SWAYAMPRAKHA: View digital courses on TV
3. National Digital Library: e-content
4. e-PG Pathshala: Gateway for e-books upto PG
5. Shodhganga: A reservoir of Indian Theses
6. e-ShodhSindhu: e-journals
7. e-Yantra: Engineering for better tomorrow
8. FOSSEE: Free/Libre and Open Source Software for Education
9. Virtual Labs: Web-enabled experiments designed for remote – operation
10. University Enterprise Resource Planning (SAMARTH)
11. VIDWAN: Expert Database and National Research Network
12. IRINS: Indian Research Information Network System
13. Shodh Shudhhi (PDS): Plagiarism Detection Software

SWAYAMPRAKHA:

SWAYAM Prakha is an initiative of the Ministry of Human Resources Development to provide 32 High Quality Educational Channels through DTH (Direct to Home) across the length and breadth of the country on 24X7 basis. It has curriculum-based course content covering diverse disciplines. This is primarily aimed at making quality learning resources accessible to remote areas where internet availability is still a challenge. The DTH channels are using the GSAT-15 satellite for programme telecasts. Karnataka State Open University has provided Opportunity to access relevant channels in the Cauvery Auditorium for the benefits of learners during their stay in the personal Contact Programme.

VIRTUAL LABS:

Virtual Labs will provide to the students the result of an experiment by one of the following methods (or possibly a combination). Modelling the physical phenomenon by a set of equations and carrying out simulations to yield the result of the particular experiment. This can at-the-best, provide an approximate version of the ‘real-world’ experiment. Providing measured data for virtual lab experiments corresponding to the data previously obtained by measurements on an actual system. Remotely triggering an experiment in an actual lab and providing the student the result of the experiment through the computer interface. This would entail carrying out the actual lab experiment remotely. Virtual Labs will be made more effective and realistic by providing additional inputs to the students like accompanying audio and video streaming of an actual lab experiment and equipment. For the ‘touch and feel’ part, the students can possibly visit an actual laboratory for a short duration.

Karnataka State Open University has recognized Nodal Center for Virtual Labs under the leadership of National Institute of Technology, Surathkal and established well equipped V Labs Nodal Center at Science Bhavan which can cater the needs of KSOU learners of to access the experiments developed by NITK.

E-CONTENT DEVELOPMENT:

The UGC e-Content scheme aims at developing high quality e-Content, as well as expertise for generating such content over the long term. The scheme provides financial assistance and technical support to teachers and other experts based in colleges and universities for the development of e-Content. The e-Content development and the associated web based learning described here do not seek to replace traditional teaching and learning, but are expected to supplement them. The inclusion of e-Content in learning is now inevitable and the UGC initiative is designed to meet the new challenges, and to help India take the lead in this newly emerging field. The **Karnataka State Open University** has initiated development of e-content proposal under the NMEICT.

Centre for Internal Quality Assurance (CIQA):

KSOU has established the Centre for Internal Quality Assurance (CIQA) as per UGC Open & Distance Learning Regulations 2017 to maintain quality in the service provided to the stakeholders and to assure quality standards are maintained in all its academic and administrative activities. ಸರ್ಕಾರದ ಮಾರ್ಗಸೂಚಿಯನ್ವಯ ರಾಜ್ಯ ವಿದ್ಯಾರ್ಥಿವೇತನ ತಂತ್ರಾಂಶದ (SSP) ಮೂಲಕ ಪ್ರವೇಶಾತಿ ಪಡೆದ ಕೂಡಲೇ ಅರ್ಜಿ ಸಲ್ಲಿಸಿ, ಅರ್ಜಿಯ ಅಂತಿಮ ಸ್ವೀಕೃತಿ ಪ್ರತಿಯನ್ನು ನಾನು ಪ್ರವೇಶಾತಿ ಪಡೆದ ಕರಾಮುವಿ ಕೇಂದ್ರ ಕಚೇರಿಯ ವಿದ್ಯಾರ್ಥಿವೇತನ ಘಟಕ ಅಥವಾ ಪ್ರಾದೇಶಿಕ ಕೇಂದ್ರ (ಯಾವುದು ಅನ್ವಯವಾಗುತ್ತದೋ ಅದು) ಸಲ್ಲಿಸುತ್ತೇನೆ.

ಸೂಚನೆ: SSP ಯಲ್ಲಿ ಅರ್ಜಿ ಸಲ್ಲಿಸಿ ಅಂತಿಮ ಸ್ವೀಕೃತಿಯನ್ನು ಘಟಕಕ್ಕೆ ಸಲ್ಲಿಸಿದಲ್ಲಿ ಮಾತ್ರ ಸಿದ್ಧಪಾಠಗಳನ್ನು ವಿತರಿಸಲಾಗುವುದು ಇಲ್ಲದಿದ್ದಲ್ಲಿ ಶುಲ್ಕ ವಿನಾಯಿತಿ ಪ್ರವೇಶಾತಿಯು ತಂತಾನೆ ರದ್ದುಗೊಳ್ಳುವುದು ಎಂದು ತಿಳಿದಿರುತ್ತೇನೆ.
