

CONSULTANCY SERVICES

KARNATAKA STATE OPEN UNIVERSITY

Mukthagangothri, Mysuru – 570 006

The University was established in June 1996 with a vision “**Higher Education to Everyone, Everywhere**”. The University blossomed in the era of globalization in which the economies of the world are being transformed from their original closed self-sustaining structure to the globalized context, where they can expose themselves to the competitive world. This transition forced the arena of knowledge emphasizing itself to more of its application than of accumulation of facts. The Karnataka State Open University in order to cope with the present global environment, is attempting to integrate interdisciplinary approaches in the dissemination of knowledge with the aim of achieving overall human personality development.

The KSOU is situated at heart of Mysuru city, The University operates in 50 Acre of land in a fully green ambience. The University is offering UG, PG and Ph.D. programs besides diploma and PG Diploma programs in various disciplines. The University is fully equipped with 30 academic departments controlled by the chairpersons and supported by other faculty and non teaching staff. The University is offering various degrees and diploma in Humanities, Social Science, Science and Commerce and Management. The KSOU is established mainly with an intention of promoting unprivileged group of society and hence the fees for all the courses at affordable rate.

INDUSTRY INTERACTION

Karnataka State Open University has established an Industry – Institute Partnership Cell. The Industry-Institute Partnership Cell (IIPC) of KSOU is a dedicated cell to promote the close interaction between industry and various academic departments of the University. The IIP Cell facilitates Students Projects, consultancy, sponsored R&D projects and industrial and academic trainings those are not prescribed in the syllabus in addition to conducting industrial exhibitions and interaction meets for Curriculum Development and so on.

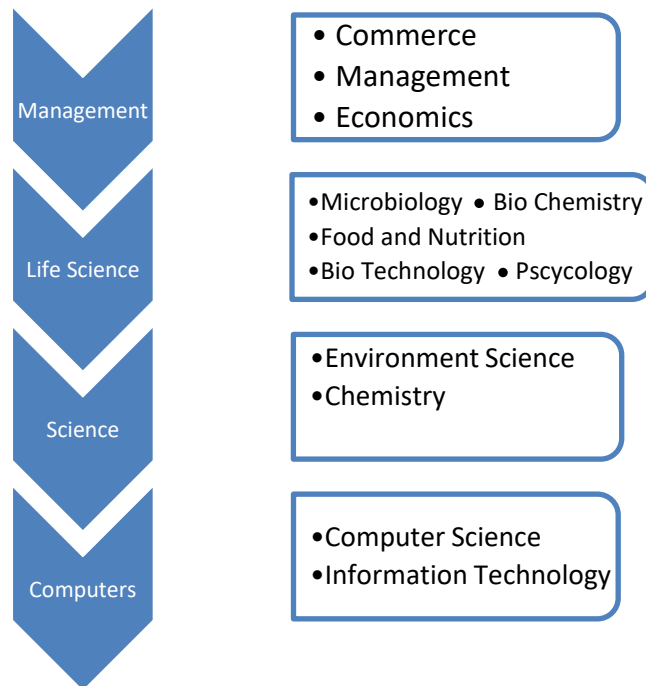

The initial focus of this cell is to closely interact with the industries situated in and around Mysuru and later expand to State level, Industries and Universities.

The objectives of IIP Cell are:

1. Coordinating student projects
2. Organizing Industry Study Tour Programmes (ISTP)
3. Conducting joint research work
4. Curriculum development in association with industry experts
5. Guest lectures by industry experts
6. Arranging technical festivals
7. Providing consultancy services to industries
